## PICK 'EM Rules

### Top 10

- Fill out 1st through 10th with the car number of the associated driver you think will finish in that position. At the end of the race, if you got a driver's finishing position correct, you score their finishing position points.
- If any of the drivers you picked finish in the top 10 but not the corresponding position, you score 5 points. Points are based on the eNASCAR PEAK Antifreeze iRacing Series Points structure.

1st	40 Pts	6th	35 Pts
2nd	39 Pts	7th	34 Pts
3rd	38 Pts	8th	33 Pts
4th	37 Pts	9th	32 Pts
5th	36 Pts	10th	31 Pts

- Example: Your picks are 5, 55, 80, 83, 24, 42, 1, 2, 3, & 4. The finishing order is 5, 80, 83, 3, 24, 66, 17, 6, 48, & 51. You would be awarded 40 pts for the 5 finishing first. 5 pts each for the 80, 83, and the 3 for finishing in the Top 10. Then 36 pts for the 24 finishing in 5th.
- Your total then is 91 pts.

### Pass Differential, Fastest Lap, & Most Laps Led

- For these you get to select 3 drivers each. If any of the 3 is the driver who met the criteria, you gain points.
- Example: Your picks are 5, 55, & 80 for Pass Differential. The 55 ends up being the one who had the largest pass differential. You score those bonus points.
- Pass Differential - Calculated based on the drivers starting position subtracted from their finishing position. Example: The 55 car starts 40th and finishes 20th. Their Differential is 20.
- Fastest Lap - This is the driver who records the fastest lap time in the race.
- Most Laps Led - This is the driver who leads the most laps during the race.

- Bonus Points are as follows:  
Pass Differential - 75 pts  
Most Laps Led - 125 pts  
Fastest Lap - 200 pts

Final results for PICK 'EM will be tweeted out after the race.
